Dear Ms. Toossi:

This letter is to inform you that the Department of Toxic Substances Control (DTSC) has received your revised Part "A" Application on October 12, 2007, and the revisions to the Hazardous Waste Operation Plan on February 24, 2006 (Revised OP) for your hazardous waste storage facility located at 10625 Hickson Street in El Monte, Los Angeles County (facility).

You submitted a Hazardous Waste Facility Permit Renewal Operation Plan to DTSC on September 29, 2004. After review the application for technical completeness, DTSC sent you a Notice of Deficiency (NOD) letter on January 10, 2006. In response to the NOD letter, you submitted the revised OP to DTSC on February 24, 2006.

DTSC has carefully reviewed your Revised OP and the revised Part "A" Application of October 12, 2007. DTSC now concludes that the revised OP and the revised Part "A" Application are administratively and technically completed. This means that DTSC will initiate to prepare a hazardous waste facility permit (Permit). DTSC will also prepare a Statement of Findings for the California Environmental Quality Act (CEQA). The draft Permit, the CEQA Notice of Findings will be public noticed in the near future.
